Create success in the new world of work

Hybrid Team 360®

Real World Group's Hybrid Team 360® shows you exactly what to focus on in order to create and enhance your virtual, remote and hybrid teams.

The focus of the Hybrid Team 360® is on behaviours, rather than personality types. They come from cutting-edge research on how effective teams operate in today's transformed workplace.

Reflecting on the feedback provided helps your hybrid and fully virtual teams agree how they will work together to become even more effective.

Benefits of applying the Hybrid Team 360®

Gives clear, tailored guidance on how to be more productive working remotely

Supports hybrid team leaders to be more effective

Increases team self-management & leadership

Enhances effective collaboration between teams

The Hybrid Team 360® is also available in the Line Manager Version which provides the team's Line Manager with a separate report which explores their leadership of the team in more depth.
