

Real World Group

Support outstanding performance iGovernance

Real World Group's iGovernance is a 360-degree feedback tool designed to help you ensure that your Non-Executive Directors, Trustees or political leaders are as effective as possible.

Leaders in these roles not only need to be strong in governance but can have a very powerful and often underestimated impact on the culture.

iGovernance enables you to ensure that your organisation is getting the very best from them – in all aspects of their role.

Key benefits of using iGovernance to develop your Non-executive leaders, Trustees, or Elected Members

Explores how well they are promoting collaboration & partnership

Assesses critical governance competencies

Provides a valuable foundation for performance conversations

Explores their positive impact on the leadership culture

The iGovernance is available in these sector-specific versions

Healthcare

Public/Third Sector

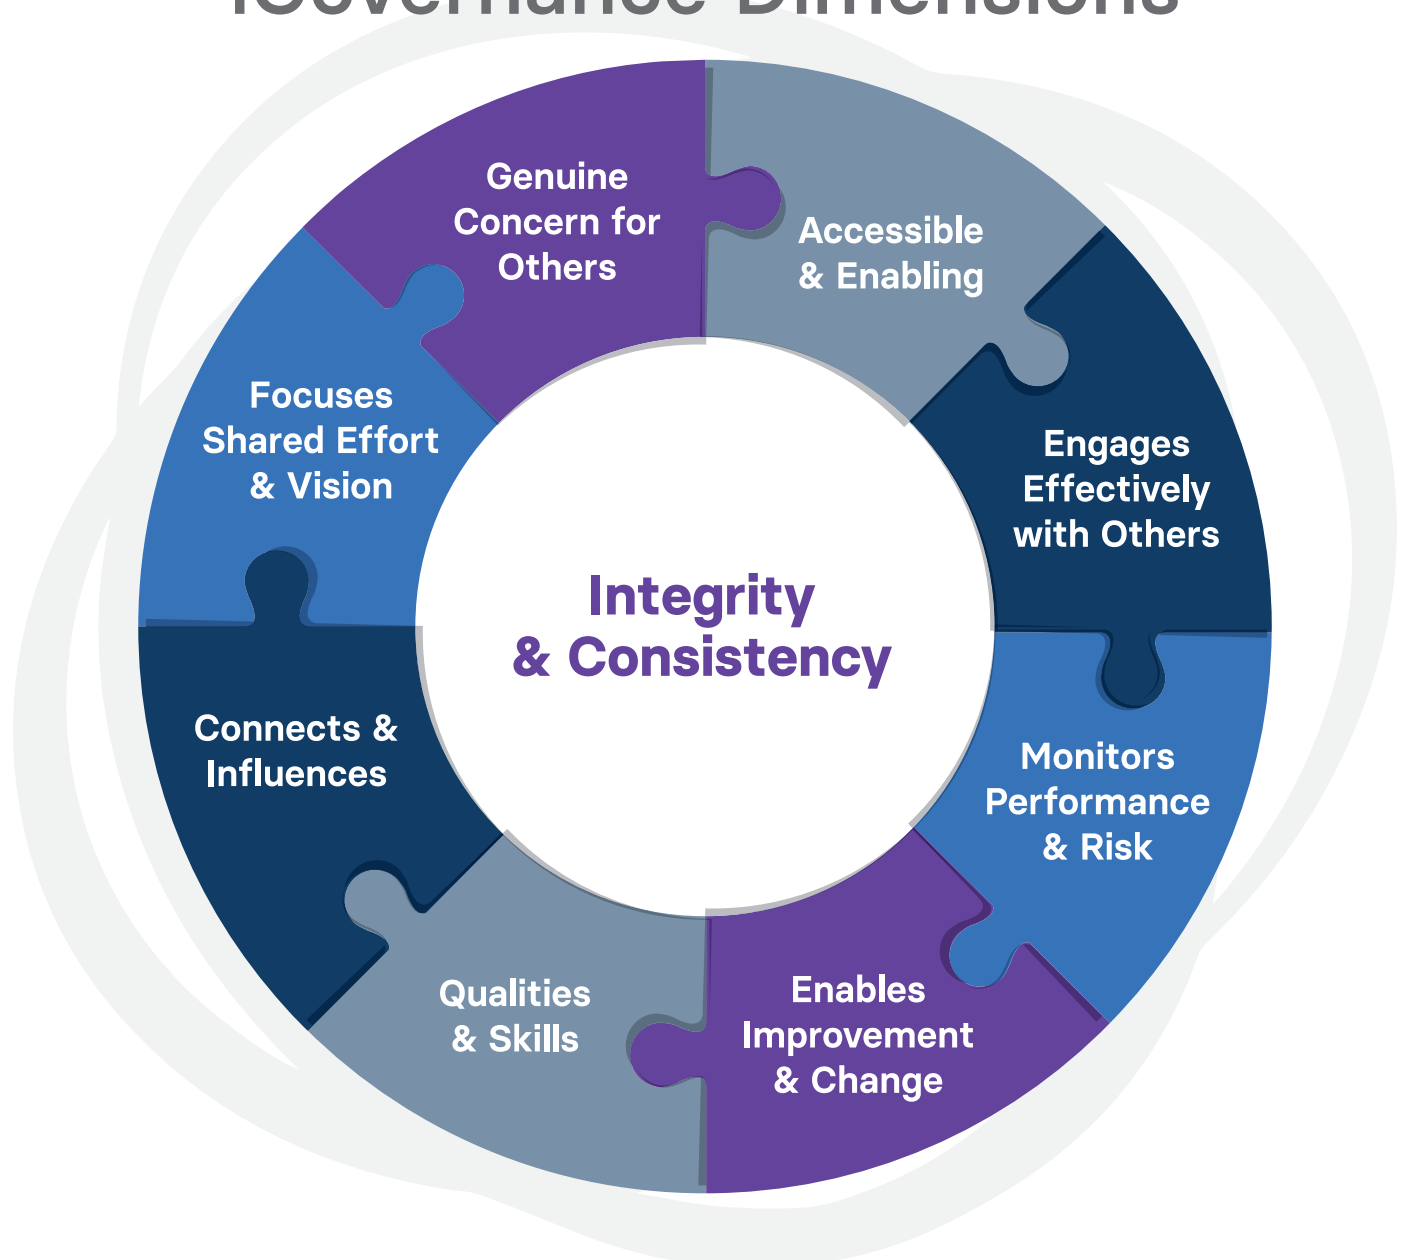

Local Government

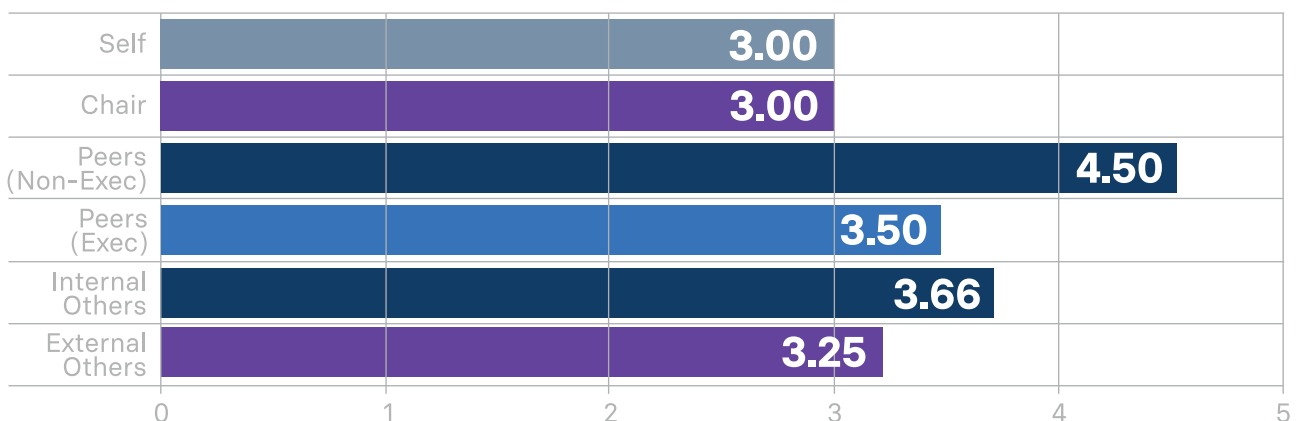

Private Sector

iGovernance Dimensions

Example iGovernance feedback graph

Connects and Influences - I champion diversity and inclusion by embedding fair and ethical behaviour within the organisation
